Φ977-100 Manhole Cover & Frame

Product Name :
Φ977-100 manhole cover & frame
Specification :
Φ1074×100mm
Code : C250 D400
Executive Standard:
EN124: 1994
Product Color: Black

Product structure: Well cover, well frame, detachable side sealed structure
Product material composition: manhole cover, well frame is composed of SMC composite, side seal structure is composed of SMC composite ,304 stainless steel fastener and corrosion resistant rubber
Operating temperature range :-40℃~100℃
Product Application:
C250 used for motor vehicle driving roads and parking areas
D400 used for freight stations, docks and other heavy vehicles frequently driving roads, venues

Product structure diagram and specification dimensions

	Load Rating	Cover Dimension	Depth of Insertion(h)	Cover Diameter (d1)	Cover Diameter (d2)	Weight
Cover	C250	Φ977×55mm	30 mm	Φ977mm	Φ966mm	49Kg
	D400	Φ977×55mm	30 mm	Φ977mm	Φ966mm	49Kg

	Cover Dimension	Frame Depth(H)	Frame Outer Diameter(D)	Net Opening (CO)	Weight
Frame	Φ1074×100mm	100 mm	Φ1074mm	900 mm	19Kg
